SUMMARY

Software Engineer specializing in **LLM-based systems**, integrating **Qwen**, **RAG pipelines**, and **transformers** into **full-stack applications** using **React**, **Node.js**, **FastAPI**, and **PostgreSQL**.

EXPERIENCE

Google Student Ambassador

Google

July 2025 - Present, Gurgaon, India

- Represented **Google on campus**, promoting Google technologies and developer programs to **300+ students** across multiple departments through talks, outreach, and demos.
- Organized and delivered **7+ technical workshops** on **Google Cloud, Android, and AI**, increasing student participation in tech events by **45%**.
- Built and led a **student tech community of 150+ active learners**, mentoring peers through Google learning pathways and certification tracks.
- Collaborated with Google community managers and analyzed feedback from **200+ participants**, optimizing event content and boosting engagement and satisfaction by **30–50%**.

WEB DEVELOPMENT INTERN

CODEGNAN

May 2025 - June 2025, VIJAYAWADA

- Built and deployed a **fully responsive travel website** using **HTML, CSS, JavaScript, and Bootstrap**, improving usability and layout consistency by **40%** across devices.
- Applied **modern UI/UX principles** to enhance navigation and interaction, reducing bounce rate by **30%** and improving overall user engagement during testing.
- Optimized performance through efficient asset management and component structuring, achieving **sub-2s average load time** on standard devices.
- Designed and prototyped interfaces using **Figma and Adobe XD** during a **10-week internship**, enabling **60% faster design-to-development handoff** across three projects.

PROJECT

PERSONAL PORTFOLIO

SELF BUILD • my-portfolio-sigma-weld-59.vercel.app/

- Engineered a dynamic personal portfolio website to showcase skills and projects, using responsive design techniques that ensured 100% cross-device compatibility and improved accessibility for all users.
- Integrated interactive UI components and optimized performance through asset compression and code restructuring, achieving 30% faster page load times and significantly smoother user interactions across platforms.
- Enhanced SEO performance and implemented Google Analytics tracking, resulting in a 40% increase in organic traffic and enabling real-time engagement monitoring over a six-month period.

Skillnox AI

SELF BUILD • September 2025 - December 2025

- Built an **AI-powered mock interview platform** supporting **4 interview modes** (Technical, HR, Behavioral, Project-based) using **React, Node.js, FastAPI, and PostgreSQL**.
- Integrated **Qwen LLM (local inference)** to generate **dynamic, context-aware interview questions**, eliminating repetitive question patterns and enabling personalized interview flows.
- Implemented **AI-based resume parsing and skill gap analysis**, extracting **10+ resume attributes** and mapping them against job descriptions for targeted improvement suggestions.
- Developed a **real-time answer evaluation pipeline** scoring responses across **relevance, clarity, and depth**, providing instant feedback after each interview round.
- Designed a **performance analytics dashboard** tracking **technical skills, communication quality, and confidence metrics** in a single unified view.

ADVENTURE AURA (A TRAVEL AGENCY WEBPAGE)

CODEGNAN • adventure-aura-ivory.vercel.app/ • May 2025 - June 2025

- Built an interactive travel agency webpage featuring engaging destination showcases and streamlined booking functionality, improving user experience and increasing client inquiries by 35%.
- Engineered a dynamic web platform for Adventure Aura, integrating real-time booking workflows and immersive multimedia content that boosted visitor engagement by 40% and improved conversion rates by 25%.

- Developed an advanced itinerary planning module that enabled personalized travel packages, enhancing customer retention by 30% through tailored recommendations and seamless online interactions.

EDUCATION

B.TECH

KITS AKSHAR INSTITUTE OF TECHNOLOGY • GUNTUR, ANDHRA PRADESH • 2027 • 8.3 CGPA

INTERMEDIATE

NRI SAI JUNIOR COLLEGE • GUNTUR, ANDHRA PRADESH • 2023 • 89.3 %

SKILLS

Frontend: React.js (Vite), TypeScript, Tailwind CSS, Framer Motion, Radix UI

Backend & APIs: Node.js, Express.js, FastAPI (Python), RESTful APIs

Database: PostgreSQL, MySQL, SQL, Firebase

AI / LLM Systems : RAG Pipelines, Transformers, Qwen LLM (Local Inference), Prompt Engineering, Embedding-Based Retrieval, Resume Parsing (NLP)

Tools & DevOps: Git, Docker, Linux, Postman, Local LLM Deployment
